FYI. Since most of us are relatively new to the Site Assessment Program & we have completed our biannual Workshare meetings with our states, it would be good for our group to know the actual Work share agreement and know the procedures we should be following. Thanks to Lorie for digging through and finding this workshare agreement between R3 & our states. As you can see, it's been in place since 2002 and what is identified as CERCLIS is known to you as SEMS.
